

INTERNATIONAL GRADUATE STUDENT ADMISSION

Non-U.S. citizens or non-permanent residents will be considered international applicants. A nonrefundable application fee is required with each application for admission to the Graduate School.

All applicants (domestic and international) who have taken university/college coursework outside of the United States must have the coursework and degree evaluated from Educational Credentials Evaluators (<https://www.ece.org/>). It is the responsibility of the applicant to ensure the foreign credential evaluation arrives by the posted deadline. Any evaluation which is received after the posted deadline will not guarantee the applicant an admissions decision. Because transcripts from foreign universities require special evaluation, prospective students with foreign credentials are advised to submit their application, test scores, upload transcripts, and submit evaluations well in advance of deadlines. Early submission gives the University enough time to process the application and gives the international applicants enough time to obtain visas and make travel arrangements if admission is granted.

If accepted into a graduate program, official transcripts and degree certificates in both original language and English translations must be submitted prior to the second term of enrollment. Official documents submitted to the foreign credentialing agency can be used to fulfill this requirement.

In addition to meeting the general requirements for admission, applicants whose native language is not English must demonstrate sufficient competency in English to study effectively at the University. These applicants are required to submit English Proficiency Scores from one of the following agencies: Test of English as a Foreign Language (TOEFL); International English Language Testing System (IELTS) or Duolingo (DET) to Graduate Admissions. Information about TOEFL (<http://www.ets.org/toefl/>), IELTS (<http://www.ielts.org/>) and Duolingo (<https://englishtest.duolingo.com/applicants/>) is available online. Scores must be sent directly to Graduate Admissions from the ETS, IELTS or Duolingo testing center, copies of scores are not accepted as official. Official test score must be less than two (2) years old. Unofficial scores can be used for admissions decisions. However, official scores must be received prior to the second term of enrollment. The UTSA institution code is 6919.

The above criteria serve as guidelines for admission for international students. The credentials of each applicant are examined on an individual basis by the Graduate School and the appropriate Graduate Program Committee. Please note that meeting the above minimum standards does not guarantee admission because the number of qualified applicants far exceeds the number of spaces available. Consequently, many well-qualified applicants may not be admitted.

The English Proficiency Scores requirement may be waived for international students from countries where English is the official language spoken; or for noncitizens of the United States earning a
