

PREPROFESSIONAL COURSES OF STUDY IN LAW, BUSINESS, OR MEDICINE

Students interested in legal, business, medical, dental, nursing, or other health professions careers are encouraged to select undergraduate courses of study that comply with the specific program requirements of professional schools. Students planning to apply to graduate professional programs should consult UTSA faculty with experience in and knowledge of those professional fields. Students planning to apply to a health professions program or law school should consult an advisor at the UTSA University Pre-Professional Office.

As a general guide, minimum requirements are set forth in this catalog. However, satisfactory completion of these minimums does not guarantee admission to any professional school or program. Specific professional schools may have more specialized requirements, and the selection process for admission to professional schools is highly competitive.
